Jean de Preux
INTERNATIONAL HUMANITARIAN LAW
SYNOPSIS

From 1985 to 1989, the *International Review of the Red Cross* published nine legal synopses devoted to various aspects of international humanitarian law. The author, Jean de Preux, a former legal expert at the ICRC, adopted a didactic approach in dealing with major topics concerning humanitarian law (e.g. combatant and prisoner-of-war status) and in guiding the reader by highlighting key words and expressions relating to each of the topics (e.g. combatants: status, respect for the law of armed conflict, loss of status, general condition that combatants must be distinguishable, scope of the rule that combatants must be distinguishable, etc.). The texts were designed to facilitate the teaching of humanitarian law to both the initiated and the layman, whatever their background or occupation.

The nine legal synopses were received very enthusiastically by disseminators of international humanitarian law in the National Red Cross and Red Crescent Societies and by academic circles. This has encouraged the *Review* to publish the collected texts in the form of a handy and readily accessible booklet, which should be of great service to both teachers and students, and indeed to any reader interested in the subject.

The synopses deal with the following topics:

Protecting Power
Protection of civilian populations
against the effects of hostilities
Special protection of
women and children
Identification
Capture
Relief
Combatant and prisoner-of-war status
Conventions and Neutral Powers
Respect for the human being
in the Geneva Conventions

This book will be published in *English, French and Spanish*.

Price: 8 Swiss francs.

Orders should be sent to the ICRC, Public Information Division.
