## **The Paul Reuter Fund**

The Paul Reuter Fund was set up in 1983 through a donation made to the ICRC by the late Paul Reuter, Professor Emeritus at the University of Paris and member of the Institute of International Law. The Fund's purpose is twofold: to encourage the publication of works on international humanitarian law or other initiatives in that field; and to finance the Paul Reuter Prize.

### **1. Financial assistance for projects relating to dissemination of international humanitarian law**

The Fund may provide financial assistance:

- for the implementation of a project
- for the publication of a work
- to reward a particular activity or endeavour aimed at spreading knowledge of international humanitarian law.

### **2. Paul Reuter Prize**

The prize (2,000 Swiss francs) is awarded in recognition of an outstanding work in the sphere of international humanitarian law. It has so far gone to the following authors: Mohammed El Kouhène, Heather A. Wilson, Edward K. Kwakwa, Alejandro Valencia Villa, Eric David, Geoffrey Best and A.P.V. Rogers.

**The Prize is to be awarded for the sixth time in February 2000.**

Under the Regulations of the Paul Reuter Prize, any work submitted must meet the following conditions:

- it must be written in English, French or Spanish;
- it must either be unpublished or have been published in the two years preceding the award, i.e. in 1998 or 1999.

Applications must include:

- a brief curriculum vitae;
- a list of the candidate's published works;
- three unabridged copies of the work submitted.

Authors meeting the above requirements should submit their applications no later than 15 September 1999.

Requests for financial assistance and applications for the Paul Reuter Prize should be sent to:

**HANDBOOK ON WAR AND PUBLIC HEALTH**

Geneva 1996

This handbook is intended for staff members and medical personnel responsible for humanitarian activities in situations of armed conflict. It deals with the serious health problems affecting displaced people and shows, step by step, how a health-care system meeting the essential needs of war victims can be set up. The public health tools most frequently used in situations of armed conflict for evaluation, establishment of priorities, analysis of possible activities and their follow-up are assessed in the light of the constraints encountered in the field.

The problem of protection for war victims is also discussed in connection with certain aspects of international humanitarian law, particularly those directly relating to health. Finally, the handbook offers professional health workers a guide to the ethical problems that arise at each stage of humanitarian action.

The handbook was prepared by *Dr Pierre Perrin (ICRC)* and is available in English and French.

Price per copy: Sfr 35.–

**FOCUS ON HUMANITY**  
**A Century of Photography**

*Archives of the International  
Committee of the Red Cross*

by **Nicolas Bouvier,**  
**Michèle Mercier, François Bugnion**

The photographs contained in the archives of the International Committee of the Red Cross tell the story of people caught up in conflict, both victims and relief workers. They are the record of a century marked by deeds of extreme heroism as well as utmost infamy, bringing hope as well as despair.

This book reflects the evolution of international humanitarian law and role of visual images in humanitarian action.

Based on photo reports from the time of the Crimean War up to the Second World War, the first part of the book traces the history of the Geneva Conventions. The second part draws on mostly unpublished photographs to illustrate wars since 1950 — in Korea, Vietnam, Biafra, the Middle East, Rwanda, Bosnia-Herzegovina, and many other theatres of conflict.

Whatever the changes in ways of making war, human suffering and the age-old gesture of compassion towards one's fellows remain the same.
